2024 meditations follow the schedule of Scripture readings from the lectionarypage.net, which includes both the Revised Common Lectionary for Sundays and feast days and the daily eucharistic readings.

During Lent, we pray, "Create and make in us new and contrite hearts." The meditations focus on embracing this new heart, this new life in Christ, and looking deep within ourselves and acting in ways that seek and serve Christ in others.

Health and well-being – without one, the other simply isn't possible. Likewise, the well-being of humans isn't possible without a healthy planet; something we are discovering every day as we face a growing and global climate crisis.

This theme is at the centre of PWRDF's 2024 Lent Resource.
